Helpful Hints

Live Stream Embed Code

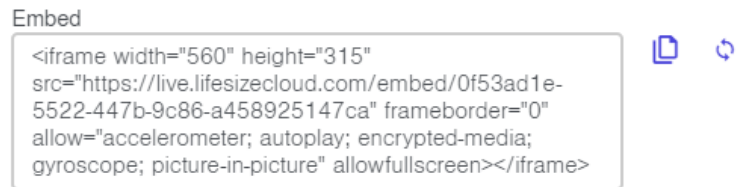

Edit Meeting

Under Streaming tab, click enable Live Streaming and set permissions to Public.

Copy Embed Code

Click the copy button to select all of the embed code. NOTE: This code can be refreshed.

Paste into a Web Page

The Live Stream player will be viewable online as a placeholder until the stream is enabled and the stream begins.

Viewers can make the stream full screen and select the quality of playback that is best for them.
