

i2i Technologies focuses on (3) main video communication & collaboration solution areas: Content Distribution (Device/Screen Sharing, Digital Signage, Lecture Capture, Video on Demand, Video Streaming/Recording), Integrated Rooms (Interactive Displays/Projectors/Whiteboards, Document Cameras, Control Systems), Video Conferencing (Room Systems, Mobile Cart Systems, Cloud Solutions). The i2i Technologies Team has over 20 years of experience working with video communications. We specialize in assisting people with aligning goals to simple, flexible, and dependable solutions. Working to create and maintain long term partnerships is a critical component of our philosophy. We love what we do and we can help you love what you do even more.
